### **VIDEO PACKAGE INCLUDES:**

- Video coverage for the entire wedding day covering all activities from getting ready to formalities at the reception, to a maximum of 10 hours
- Two cameras used throughout the day to capture different angles
- Your video will be edited to your personal music selection
- Two copies of the DVD are included for parents

Our style of video is documentary and is a perfect complement to our photography style. Video is special because it captures sound and movement that photos can't. Together, your wedding album and DVD will complete your wedding day memories.

You are welcome to book for our video service even if you are not using our photography service.
